WE

are looking for a talented **UI/UX Designer** to create amazing user experiences. The ideal candidate should have an eye for clean and artful design, possess superior UI skills and be able to translate high-level requirements into interaction flows and artifacts and transform them into beautiful, intuitive, and functional user interfaces. This position is remote. If you understand german that would be nice.

REQUIREMENTS

- _ Proven UI experience
- _ Demonstrable UI design skills with a strong portfolio
- _ Solid experience in creating wireframes, storyboards, user flows, process flows and sitemaps
- _ Proficiency in Sketch and Invision Studio.
- _ Excellent visual design skills with sensitivity to user-system interaction
- _ Up-to-date with the latest UI trends, techniques, and technologies
- _ Experience working in an Agile/Scrum development process

RESPONSIBILITIES

- _ Execute all visual design stages from concept to final hand-off to engineering
- _ Conceptualize original ideas that bring simplicity and user friendliness to complex design roadblocks
- _ Create wireframes, storyboards, user flows, process flows and site maps to effectively communicate interaction and design ideas
- _ Present and defend designs and key milestone deliverables to peers and executive level stakeholders

COMPANY

Our company is localized in germany. We have customers in german speaking countries and provide software for shiftplaning and pos systems.
